

Didn't you pull
enough
all-nighters
in med school?

Please visit us at RSNA
RSNA booth # 6560
Hall B, North Building

- Keep more people in your day rotation and add hospital contracts without adding staff.
- Benefit from direct access to our radiologists via a personalized, dedicated phone number for your ER and Medical Staff.
- Know that NightShift's unparalleled QA/QI monitoring programs guarantee top quality on-call services for your ordering physicians.
- Enjoy network dependability via T1 data lines and 24/7 technical support.

JCAHO Accredited Organization

**Staffing nights is difficult
for everyone...except us**

By accepting the on-call challenges for you, NightShift Radiology helps both you and your business thrive.

Radiologist owned and operated, NightShift has been providing on-call teleradiology solutions to radiology groups nationwide since 2001. Each of our radiologists is U.S.-trained and 100% board certified ensuring that NightShift provides a level of service that integrates seamlessly within your department and meets the expectations of your ordering physicians. Partner with NightShift Radiology and extend the superior level of service and care that you provide during the day into the night.
